FEATURED PROJECT PORTFOLIO & LIVE DEPLOYMENTS — *Production Solutions*

◈ **Nexus Specialized Dental Care Platform** | **Tech:** *TypeScript, Node.js, Cloudflare D1 Database, Drizzle ORM, Responsive CSS*

• Full-stack medical clinic platform deployed on Cloudflare Workers edge. Features dynamic appointment scheduling, patient inquiries, interactive service catalogs, and ultra-fast edge database transactions via Drizzle ORM. **[Live Demo:** https://nexus-dental-care.fashishir4.workers.dev/**]**

◈ **AI RoadMap — Adaptive AI Learning Navigator** | **Tech:** *TypeScript, Cloudflare Edge, Modern Web APIs, Responsive UI*

• Intelligent, multi-disciplinary learning roadmap platform designed for doctors, engineers, product managers, and designers. Provides structured learning paths answering 'What, Why, and How' with realistic milestone tracking. **[Live Demo:** https://ai-roadmap.fashishir4.workers.dev/**]**

◈ **FA Chat — AI Assistant Platform** | **Tech:** *JavaScript, Node.js, Cloudflare Serverless, Generative AI / LLM APIs*

• Ultra-low-latency AI conversational chatbot crafted for daily workflow acceleration, context-aware Q&A, and task automation. Built with resilient serverless edge routing and persistent context handling. **[Live Demo:** https://ai-chat.fashishir4.workers.dev/**]**

◈ **p-transbd.com — Solar & Power Electrical E-Commerce** | **Tech:** *Hono.js, React Native, Node.js, Cloudflare D1 Database, Drizzle ORM*

• Full-featured e-commerce ecosystem built for industrial solar panels and power solutions. Incorporates high-performance edge REST APIs via Hono.js, dynamic inventory filtering, cart management, and mobile cross-platform support. **[Live Demo:** https://p-transbd.com/**]**

◈ **Magic Coloring World — Interactive EdTech Application** | **Tech:** *HTML5 Canvas API, Vanilla JavaScript, CSS3 Animations*

• Interactive digital coloring web app engineered for children. Features dynamic canvas coloring algorithms, responsive touch controls for mobile/tablet screens, and zero external dependency footprint. **[Live Demo:** https://magic-coloring-world.netlify.app/**]**

◈ **Aurum Meridian Watch(Enterprise 3d Watch Scrolling Animated Website)** | **Tech:** *React.js, three.js,TypeScript, PostgreSQL)*

• Designed scalable multi-category apparel and e-commerce backends with relational database schemas, secure state management, catalog caching, and streamlined checkout workflows. **[Live Demo: https://aurummeridian.netlify.app/]**
